

## **Ministry Evaluation Report Summary October 2009**

### **Commendations**

Mulgrave School is to be commended for the following:

1. The overall atmosphere of mutual respect by students towards one another and between staff and students.
2. The exceptional integration of technology into the teaching and learning practices at all levels.
3. The IB learner profile that is clearly posted within the school and integrated into instruction.
4. The link to the IB programme which has created a culture of inquiry where students have integrated the ten concepts of the Learner Profile into their day-to-day conversations.
5. The strong sense of teamwork at all levels as teachers prepare curriculum for the IB and BC programmes.
6. The leadership model of roles and responsibilities which works well for the school so that the day-to-day operating duties are effectively shared by all.
7. For its commitment to the Fine Arts, through well equipped facilities, resources, programmes, and personnel.
8. For its diligence in keeping the staff, students and parents informed about relevant school information.
9. For their high level of rigour in instruction and their integration of scientific inquiry and laboratory skills in student learning.
10. The commitment to Portfolio assessment throughout the school.
11. The school's commitment in providing a variety of clubs and extracurricular activities for all students that focus on physical fitness, healthy lifestyle and the Learner Profile.
12. The open and supportive attitude demonstrated by the administration, teaching and support staff towards the EEC as demonstrated through their assistance during the on-site evaluation visit and the incredible work that was done on the evaluation catalogue.
